# ENTIRE CONSIGNMENT OF PIPE HERE No More Catarrh ARIZONA ORANGES

The Laying will be Started This Morning and will Require a Week's Time-Stonework of Well Almost Done-Bypass Completed at Falls Mill and Tests can Probably be Made Tuesday-Work Underway Sunday.

Work was carried on Sonday at the site of the pumping station on Trading Cove brook and at the Fails mill, where the by pass was put in, so that while the number at work was not as targe as during last week, the work was not allowed to stop because of the day, as it was felt that the need of the water is too urgent. The ditch has been completed its en-

Is too urgent.

The dilch has been completed its entire impath, and there were many who visited the pumping station on Sunday, week. walking down the pipe line. The well has been excavated its fall depth, and it is necessary to keep a pump at work there to keep the water out, so the workmen can get the wall up. This wall is well along, and will be completed today, it is thought. The dam has not yet been started too the pumphouse will be started. Tuesday, the foundation being ready. There will be concrete bases for the machinery. With a few exceptions the poles for the electric line are up, and the work of that department is being hostled along very fast.

At the Falls Will.

At the Falls Mill. On Sunday there was a large force of men at work on the by pass at the Falls mill and the job was completed and his remarks were heard with great interest. The organizer who was present from Meriden, made a speech full of eloquence and reported a gain in membership of 200 in his district. After the meeting an entertainment was held in which the committee in charge provided a fine programme for which their use at the mill, and today it is expected will see the most of the waste of vided a fine programme. They included James Wall, chairman, M. Schuleur D. Heddard and James Young of the Painters (and programme for which the committee in charge provided will see the most of the waste of vided a fine programme for which they included James Wall, chairman, M. Schuleur D. Heddard and James Young of the Painters (and programme for which the flow of the solution, and that the their case of the tests can be started then were soon.

The Lee & Osgood Co. Has a Guar-

anteed Cure That Has Stood the Test of Time

Catarrh cures come and catarrh cures go, but HYOMEI continues to core catarrh and abolish its disgusting Symptoms wherever civilization exists.

Every year the aiready enormous sales of this really sclenific cure for ratering row greater, and the present year will show all records broken. If you buy a HYOMET outsit for \$140 and hide in in a dark cupboard it won't cure your estuars.

If you breathe it daily as directed it will cure your caterin or it won't it will care your extern or it wo cost you a cent. Ask the Lee Osgood Co.

Osgood Co.

If you have a hard rusher Hyomel inhaler somewhere around the house, get it out and start at once to forever rid yourself of catarrh.

The Loc & Osgood Co. will sell you a bottle of HYOMEI (liquid) for only 50 cents, start to breathe it and notice how quickly it clears out the air patenges and makes the entire head ferifine.

HYOMEI used regularly will cur catarrh, coughs, colds, bronchitis of sore throat. A complete suffit including a hard rubber potket inhalter ofers \$1.00. No stomach dowing. Just breathe it, it allies the germs, soother and heats the inflamed membrane.

Trading Cove brook water can be secured, and a rain of this kind will prevent the use of Yanilo river water. have been, who can imagine" Someon has tried to figure out the cost of Water Trouble Elsewhere. runs up into the billions. All the wars little and big, of the last century actual cash foots up fabulous sum loar beyond man's ability to extimate r comprehend.
2. In property destroyed or diver:

ed from useful channels. Here again is impossible even to approximate fair recognition of its amount. Get eral Sherman estimated that property to like amount of three hundred mil-lions was ruined outright by his army in its famous march to the sea. A huge destroyers of valuable possessions. What mountain higher plies of useful properly must have been turned to askes and dust by the wars of a

single hundred years!

3. In men. How dreadful that still-lions of fathers, husbands, sons, brothore the swift-firing sickle. In million men lost todir lives sitt rain comes soon, the diluted sewage in pattle of inrough disease. Most these were young men, men spirise ing their prime, many of them for good homes. To this account it is to of Holyoke and Springfield will be pumped into the city mains. The Worthington pumps will not pump raw Connecticut river water. The hosts sink in battle, who had there would have added immensely the producing power of the manon extravigance of war in money. In proerty, in men, in misery important in movement and neighbors, in Izing communities and lowering the standards of moral living in blocking the path of progress in bindering the spread of Christ's gospel, the extrave-game of war in numerous particulars is so stopendous that nations will seen be compelled to call a halt or plungs into hopeless bankruptcy. From the extravagance of war turn to the beautiful economy of peace. It conserves and fosters every leginimate industry and every worthy enterprise America's foremost position among earth leading nations is due largely to be

having had few wars and such ions periods of peace. The appalling power-ty that now rests so heavily uson mulspent in preparation for war wisely applied in helping the poor to help themselves. The tide is turning strongly toward finding practical ways most conspicuous peace champion, has gels at His advent. "Peace on earth good will toward men," let us do all we can to evert needless quarrels and dis-

polators in 25 and 2-5 seconds. Similar of Greeneville coming second and Gilloff freeneville coming second and Gilloff freeneville and Freyer of Bridge being thed for third bonors. This made the final scores as follows:

Broadway 18 1-2 points Greeneville up to the inquestioned fact that it is a grashing and rulnous extravagation.
